Jindal School of
Liberal Arts & Humanities
India’s First Transnational Humanities School
O.P. Jindal Global University (JGU) is a non-profit global university established by the Government of Haryana and recognised by the University Grants Commission (UGC). JGU was established as a philanthropic initiative of its Founding Chancellor, Mr. Naveen Jindal in memory of his father, Mr. O.P. Jindal. JGU is one of the few universities in Asia that maintains a 1:10 faculty-student ratio and appoints faculty members from India and different parts of the world with outstanding academic qualifications and experience. JGU is a research intensive university, which is deeply committed to its core institutional values of interdisciplinary and innovative pedagogy; pluralism and rigorous scholarship; and globalism and international engagement.

JGU has established eight schools: Jindal Global Law School (JGLS); Jindal Global Business School (JGBS); Jindal School of International Affairs (JSIA); Jindal School of Government and Public Policy (JSGP); Jindal School of Liberal Arts & Humanities (JSLH); Jindal School of Journalism & Communication (JSJC); Jindal School of Art & Architecture (JSAA) and Jindal School of Banking & Finance (JSBF). JGU has been granted with “Autonomy” by the University Grants Commission and the Ministry of Human Resource Development, Government of India, for receiving the “A” Grade from the National Assessment and Accreditation Council (NAAC). This makes JGU the only private university in the state of Haryana and one of the only two private universities in India to be given the status of autonomy.

JGU has made history by breaking into the QS World University Rankings 2020. We are also the only Indian private university in the top 150 'young' universities in the world (under 50 years of age) in the QS Young University Rankings 2020. JGU is the youngest University in the world to feature in both these rankings. In September 2019, JGU was selected as an 'Institution of Eminence' (IOE) by the Government of India, making JGU one of only eight private universities in India to be awarded this status.
It is my great pleasure to welcome you to the Jindal School of Liberal Arts and Humanities (JSLH). As a student in a liberal arts programme you become an intellectual explorer. The dictionary definition of “explorer” is “...somebody who travels to distant or unfamiliar places to find out more about them.” This is a fairly accurate description of a liberal arts education. As a student in this school of liberal arts and humanities, you can now embark on that journey and ask challenging questions, find out what really matters to you, learn about the world as it is and imagine the world as you think it ought to be.

Foundational courses, such as Mathematics, History, Sociology, Expressive and Creative arts, Literature, languages and writing, are firmly anchored in the liberal arts tradition. Each of these courses will engage you in the practices of inquiry and contemplation, which are the tools necessary for the creation of new knowledge and learning. Teaching methods of liberal education foster self-knowledge and empower the individual to deal with the complexity of our globalized world. These methods include critical thinking, creative problem solving, community engagement and appreciation of diversity, which are embedded in the curriculum and will allow you to become engaged global citizens.

Your years of studies at JSLH will go by very quickly and you will soon find yourself progressing in JSLH or pursuing a study abroad programme with Rollins College, one of the top ranking liberal arts colleges in United States or at Deakin university, Australia. At these partner institutions you will be able to pursue your majors further and explore career possibilities in real-world settings through internships and service learning. While still in India you will have numerous opportunities to meet faculty, staff and students when they visit our Sonipat campus in the coming months. Our exciting third-year syllabi for students completing their degree in JSLH offers much room to develop your interests and aptitudes. Good luck and safe travels in this voyage of mind, heart and spirit.
The Jindal School of Liberal Arts and Humanities (JSLH) is India’s first transnational humanities school. Founded in 2013, JSLH is the fifth school of the University and is at the center of the vibrant intellectual life of JGU.

WE OFFER
TWO DIFFERENT DEGREE OPTIONS

01
A three-year BA (Hons.) in Liberal Arts and Humanities with a possible specialization in eleven areas of the student’s choice and an optional semester study abroad facilitated by JSLH.

02
A unique four-year dual-degree program with Rollins College in the United States or Deakin University in Australia, two top liberal arts and humanities colleges. Students pursuing this option would study two years at JSLH and the next two years at leading partner universities. At the end of their studies, they would receive a B.A. (Hons.) in a Liberal Arts from JSLH and a B.A. from collaborated university in a subject of their choice.

WHAT IS LIBERAL ARTS?

Liberal Arts is an innovative pedagogy focused on small classes, close faculty-student engagement and a strong interdisciplinary foundation with specializations in specific subjects. Liberal Arts is about the cultivation of the whole person though rigorous reading and writing, along with active experiential learning inside and outside the classroom. Liberal Arts students graduate with knowledge, a flexible range of skills, aptitudes and a life-long curiosity and love of learning.
WHY LIBERAL ARTS?

INTERDISCIPLINARY COURSES
We believe that the best way to learn is to learn from multiple perspectives. Through nineteen core courses and hundreds of optional courses, students engage in a variety of social science and humanities subjects such as Literature, History, Environmental Studies, Political Science, Expressive Arts, and Philosophy. These courses serve as the foundation of our programme and the jumping off point for further study.

EXPERIENTIAL LEARNING
We believe in learning by doing. Our classes place an emphasis on discussion, debate, and hands on activities. Many of our courses feature sizable field work to locations around Delhi / NCR and beyond. Past site visits include Sonipat, Chandni Chowk, Lodi Art Colony, Nizamuddin East, Jaipur Literary Festival, Sarnath, Varanasi, Lucknow and Dharamshala.

LANGUAGES
While most of our students are bilingual, speaking a third language is a tool which is often undervalued? Our students are also required to take a course in Spanish in their first year and have the option to opt for other languages like French, Mandarin and German in the following years.

SELF-DESIGNED MAJOR
Students who have a strong academic record and feel that their desired course of study does not fit into these majors may opt for a Self-Designed Major. This major is designed by the student in consultation with two faculty directors of study. Some past Self-Designed majors have included Art History and Literature, International Relations, Environmental Psychology, Psychology and Expressive Arts.

DUAL DEGREE PROGRAM
A unique four-year dual-degree program with Rollins College in the United States or Deakin University in Australia, two top liberal arts and humanities colleges. Students pursuing this option would study two years at JSLH and the next two years at Rollins College or Deakin University. At the end of their studies, they would receive a B.A. (Hons.) in Liberal Arts from JSLH and a B.A. from Rollins College / Deakin University in a subject of their choice.

INTERNATIONAL OPPORTUNITIES
JSLH has numerous international arrangements for summer schools, semester exchanges and study abroad opportunities.
For a B.A. (Hons) in Liberal Arts and Humanities, students must complete at least 150 credits to graduate.

DEBATE SOCIETY
The adrenaline rush at the sight of a podium, the sheer love for arguing, the camaraderie within a team, the passion to learn and win, and the innumerable stories embedded in our memories with every passing debate, is what the Jindal DebSoc promises to offer year after year.

HUMAN RIGHTS SOCIETY
This society over the years worked primarily through grassroots activism and spreading awareness about the systemic oppression faced by millions of people around the world. We’ve actively worked in areas of child labor and workers’ rights.
We brought Renegades – a rock concert with a cause, Monkey Speak – a free speech magazine facilitated by students, Bal Adhikar Sabha – a round table conference on child rights, juvenile justice, Right to Education and advocacy for the rights of children with disabilities.

SOCIAL SERVICE SOCIETY
We are an open society that is committed to ensuring that as many people as possible can benefit from our privilege. Our initiatives include teaching children at the Balgram orphanage, the children of the Sodexo staff, and the children at the Rohat primary and secondary school. We also help the members of the Tulip labor colonies with their problems, and the members of the Rohat village with issues relating to governance.

THE ENVIRONMENT SOCIETY
The Environment Society aims at making JGU, a green campus. We wish to initiate sustainable alternatives on campus to achieve our goal. In addition to that, we will be working towards creating a sense of awareness with respect to human impact on the environment and thereby change the attitude of students towards sustainability.

ACADEMIC WRITING SOCIETY
The Academic Writing Society (AWS) is established with the intention of promote quality academic writing amongst the students of JGU and to promote reform in the style of writing with a view to deliver publishable articles. AWS will have specific days in a month when guided response will be handed to students registered.

JGU SPORTS SOCIETY
The JGU Sports Society strives to inculcate a strong sporting spirit on campus. It works to promote the sporting culture and promote participation in various sports festivals throughout the country. The main objective of the society is facilitating sportspersons on campus to achieve their full potential and to provide a recreational outlet for all students that lays outside a classroom.

JGU THEATRE SOCIETY
The JGU Theatre Society strives to make a change. The society combines the creative ideas and abilities of all its members to achieve maximum efficiency. Theatre is one of the higher cultural activities that marks us as imaginative and creative.

APERATURE, JINDAL PHOTOGRAPHY & VISUAL ARTS SOCIETY
JPVAS welcomes students of all ages and aptitude, with the society’s current members including photographers from across a vast spectrum of ability, from amateurs to professionals. With an aim to help one another, learn more about photography by meeting and discussing the art with like-minded individuals, developing practical photographic skills and techniques, discussing composition and others through practical sessions and critique sessions.

OTHER SOCIETIES
JSLH has active SGRC Events Committee that is constantly planning events and activities which are meant for students to develop both in terms of the mind and the body. Some of them are Animal Welfare Society, Rottract Club, Performing Arts and dance societies.
What makes the Jindal School of Liberal Arts and Humanities so special is the incredible faculty and the strong community feeling. The student events and the mentor program provides the kind of empathy, support and guidance essential for new students and helps them feel more at home. JSLH also offers some of the best opportunities in research, including research centres, research assistant positions, and hosting the unique, Undergraduate Research Conference.

Jaya Sengar  
Political Science & International Relations, JSLH-2017

The most important thing about college life, be it at any university, is for a student to be able to learn about himself, the outside world and to be able to say he is happy. Coming into Jindal, I was unsure what the future held but since the first week in I knew I could comfortably call this place my second home. The University offers a variety of sports and competes at a very good level. The classes are very interesting and interactive. Being a student who had not had a lot of motivation or the best experience when it came to academics, I found myself enjoying the courses offered at Jindal. The professors engage in discussions during the classes and teach concepts in a manner that I genuinely found interesting.

The reason JSLH worked well for is that after learning a variety of courses over the foundation period, I was very certain of the decision when it came to choosing my major. Most students feel unsure about this big decision because we have not had enough experience with a lot of subjects prior to college. Liberal Arts gave me the chance of making an informed decision to choose my major and even after that, to choose electives of my interest.

I can look back and happily say that I know I made the right decision by coming to Jindal and choosing this programme.

Aamer Baswani  
JSLH-2017

Being a part of the JSLH community is truly a blessing. Courses like Expressive arts and Interdisciplinary which engage the students in a lot of field work create the perfect platform for the most wholesome memories and long-lasting bonds, with members across the three batches. Initiatives like the peer mentoring and faculty mentoring promote one-to-one discussions on a regular basis creating a sense of comfort for everyone, especially during the first year when university can get overwhelming. I think this is one of my most cherished aspects of the school.

In addition to that, JSLH promotes individuality and acts as a great platform for every student to voice their concerns, showcase their talents, build their interests in areas of social service or research through the constant cultural events and discussions. I think this creates a perfect balance between the work we do and the fun we have (which is a lot!) There is always a feeling of comfort knowing that I’m part of a larger group who share similar levels of enthusiasm and energy in expressing everything the school stands for.
